Dear students and teachers,

thank you for the nice letters and pictures.
We are class 6b (23 pupils) and we are about 12 years old.
Our subjects are German, Maths, English, Art, PE, Science, RE, Music and Geography.
We are a special class because we all play wind instruments.
Do you play instruments, too?
School starts every morning at 7.20 and ends at 12.30. Some pupils have lunch at school and stay till 4.15 pm.
We live in the Westerwald with many forests and hills. In the forests
there live lots of animals like deer, woodpeckers, squirrels, foxes and rabbits. The weather is often rainy and cloudy, but in summer it can also be sunny and hot. In winter it sometimes snows and we can build snowmen.

We are all looking forward to hearing from you soon.

Your class 6b

We make the snowman of snow. We make a little ball and then we roll the ball across the snow. Then we build the snowman with the balls.

This is a snowman.
We wish you an nice and have fun in your country.
That's our class with instruments.

That's me in winter.
That's my house.
This is my snowman and me.

This is Gina and me.

We are playing on the marketplace with our trumpets.
This is Nicole with her friend Sarah of the quad bike.

This is Marci with her tractor.
Our music teacher!
He is very nice!
In the winter:

In the summer:
That's me, Adele. I was 8 years old.

That's our garden.
Our cat Baghira.

Our pool.

Our house.
This is the unique and expansive Our Living Room.
